The **role** of the LPN is evolving in **health care**

The LPN can give injections and medications, take blood tests, apply sterile dressings and do basic nursing. This course encompasses both theory and practice with 10 different stage settings.

Emphasis is placed on communicating with patients and family members while working as part of a multidisciplinary team.

A diploma could lead to varied careers:

- acute care hospitals
- nursing homes and long-term care facilities
- insurance companies
- as a first step to becoming an RN

Register now to secure a spot in our program!

- Possibility of bus transportation available to students in the valley
- A Loans and Bursaries Program is available for qualified applicants
- Emploi-Québec benefits may be extended by returning to school
- Program subsidized by the Ministère de l’Éducation, du Loisirs et du Sports du Québec
- Open to all legal residents of Québec over 16 years of age as of June 30 of current year

**FEES:** Tuition is free – except for a nominal fee each semester, as well as books, materials and/or tools.

**Diplôme d’études professionnel (DEP)**

**Health, Assistance and Nursing**

1,800 hours.............120 credits

For more information, you are just a call, visit or click away!

---

“**The LPN program allowed me to know that I enjoy patient care. I was able to find work immediately and I am now considering RN training.**”

— Mallory Barrington, graduate

“**The experience in the classroom and in stage settings prepared me for the realities of the work. I have found rewarding employment, and I appreciate all members of the team.**”

— Erin Burton, graduate

“**I love my job as an LPN and have been able to work at a local hospital. The opportunities have been great.**”

— Tamara Niven, graduate
