What is a CLC?

Community Learning Centres

The CLC initiative is a diverse group of community schools that serve as “hubs” for English-language education and community development in their respective communities. A CLC is a community school which brings together various stakeholders in partnerships for youth development, lifelong learning, community engagement, family support and community health & safety.

Contact

For more information regarding anything on this pamphlet, please contact **Shannon**. She will be happy to answer any of your questions.

On-going Projects

Breakfast for Learning

Breakfast for Learning is a national charity that educates, and empowers communities to deliver school based nutrition programs, helping children and youth realize their full potential in life. Our breakfast for learning team will be serving breakfasts Tuesdays through Fridays.

Community Garden

We are continuously looking for volunteers and donations to keep our garden alive, beautiful, and enjoyable for all to use.

Rockin' Readers

The Rockin' Readers literacy initiative is to encourage at-home reading sessions between parents and their children. Monthly strategies will be uploaded to the Rockin' Readers website for parents to implement with their children at home.

Educational Videoconferencing

By bringing the outside world into the classroom, students become motivated to learn. Specialists are readily available to answer questions that go beyond the normal classroom experience. Interactive Virtual Field Trips are there to support all subject areas. Pre and post activities help students to set goals as well as reflect on their experience to ensure learning.

Save the Date!
